

# Carl's Christmas Puzzle Hunt 2015

Welcome to Carl's Christmas Puzzle Hunt 2015. I designed this originally for my four sons at Christmastime. When we placed their gifts under the tree, we didn't put any names on them, but instead each gift had one of the 16 rather puzzling tags you can find below. A correct solution for all of the puzzles will allow the solver to determine which of my sons should receive each gift. (My sons are named Cameron, Hyrum, Andrew, and Scott)

Since I designed this puzzle for my sons, some of the artwork and imagery will have more meaning to them than it would to anyone else. But the puzzles themselves are all designed so that they can be solved using only general knowledge and logic. Have fun!
